Brett Fleisch does not accept CONFIDENTIAL SETTLEMENTS. Any attempt to coerce, encourage, or provide attempts to secure a confidential settlement will be handled by: 1) if you provide document(s) for a confidential settlement 2) it/they will be promptly posted on this web site for public inspection and 3) the settlement will be promptly refused.

It is not in the best interest of taxpayers to have confidential settlements. It squanders taxpayer money. This is akin to promoting a secretary to a student affairs officer (SAO) position that does not have the correct qualifications. This is a waste of taxpayer dollars and it is not acceptable.

Brett D. Fleisch, Ph. D.
